EDA has a three-year funding cycle for planning programs. That contract was due in December/January but due to Congress delaying appropriation of funds, the contract arrived in May with the stipulation that it be signed within 30 days. 2. Local Emergency Planning Committee (LEPC) District VIII Contract
Since 1988 with the passage of the Emergency Planning and Community Right to Know Act (EPCRA), which created Local Emergency Planning Committees and State Emergency Response Commissions, the Tampa Bay LEPC had operated under a basic annual contract between the FDEM (previously DCA) and the TBRPC. Again, for this upcoming year, an expanded contract between FDEM and the TBRPC for LEPC operations will be offered. It is anticipated that Scope of Work and funding level for the LEPC will increase in FY 2014-15 (to ~$130,000) due to the added responsibilities of managing the Hazards Analyses Contracts of each of the four County Emergency Management agencies and reviewing all associated work products. The present annual funding level is $40,909. $70,840 of the new amount is pass-through for local hazards
analyses. Quarterly Reports will continue to be provided to the FDEM as contractually obligated.

Action Recommended: Motion to authorize the Chair to sign the LEPC contract with FDEM for FY 2014/2015.

The funding will be for Local Emergency Planning Committee (LEPC) planning activities and support of LEPC efforts to ensure training of public-sector hazardous materials response personnel.
