| Instructions | 1. Please add the names of the group members to the column below.  
2. For the first breakout discussion, please review Goals 1 and 2 and their objectives. In the second breakout, please review Goal 3.  
3. In column B indicate if the goal should be kept as is (K) deleted (D) or edited (E).  
4. Suggestions for revisions can be added in the line below the corresponding goal or objective.  
5. Additional Objectives and Actions can be added at the bottom of each goal section.  
6. If time permits please take time to review the actions and suggest revisions as needed. |

| Group Members: | Group 1 |

| Overarching Aspirational Goal | Local and regional responses to the effects of climate change will be advanced through organizational and fiscal management, at the local government level, and community-led preparedness and recovery. |

| Goal 1 | Local governments maximize their efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination. |

| Objective 1.1 | The Region will strengthen local government organizational capacity by implementing best practices. |

| Action | Develop resilience plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others. |

| Action | Identify funding opportunities to implement innovative resilience strategies that prioritize equity issues. |

| Action | Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in context of disaster preparedness and climate resiliency. |

| Action | Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals. |

| Add Objective? | Expanded internal capacity |

| Add Objective? | Cross-departmental coordination |

| Goal 2 | The Region will have improved public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their financial management. |

| Objective 2.1 | Conduct critical infrastructure vulnerability assessments and cost/budget impact analysis to future conditions. |

| Action | Identify funding opportunities to implement innovative resilience strategies that prioritize equity issues. |

| Action | Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in context of disaster preparedness and climate resiliency. |

| Action | Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals. |

| Add Actions? | Make actions measurable |

| Add Objective? | Financial management |

| Goal 3 | The Region will be prepared for disasters and recovery because of partnerships with vital community and business organizations. |

| Objective 3.1 | Establish partnerships that enable stronger collaborations between communities and business organizations to better prepare for disaster recovery. |

| Action | Support community and business groups to implement community-led engagement. |

| Action | Assess current partnerships to ensure the Region is aware of opportunities to increase partnerships at the state and federal level. |

| Objective 3.2 | The Region will support existing community and business groups to implement community-led engagement. |

| Action | Move to Objective 3.3. |

| Add Actions? | Move to Objective 3.3. |
Local and regional responses to the effects of climate change will be advanced through organizational and fiscal management at the local government level, and community-led preparedness and recovery.

**Goal 1**
Local governments maximize their efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination.

**Objective 1.1**
The Region will strengthen local government organizational capacity by implementing best practices.

**Action**
- Develop resilience plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others. (TBRPC, Member Govts.)
- Develop guidelines to help local governments create appropriate job descriptions and select the appropriate employee to fill that position. (TBRPC, Member Govts.)
- Identify funding opportunities for increasing organizational capacity necessary to implement resilience programs. (TBRPC, Member Govts.)
- The Region will strengthen local government organizational capacity by implementing best practices. (TBRPC, Member Govts.)
- The Region will advocate for legislative action that will provide additional funding sources to implement adaptation and mitigation projects at the state and federal level. (TBRPC, Member Govts.)
- Local governments will assess the overall cost of adaptation and mitigation and incorporate these costs into their budgetary processes. (TBRPC, Member Govts.)
- Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals. (TBRPC, Partners, Member Govts.)

**Goal 2**
The Region will have improved public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.

**Objective 2.1**
Incorporate climate change projections into programs and their budgets that address built and natural infrastructure at risk to sea level rise and flooding.

**Action**
- Include considerations for heat, drought, and other concerns for climate change. (TBRPC, Member Govts.)
- By 2024, local governments will begin to assess infrastructure and redevelopment projects and prioritize based on criticality, vulnerability, and benefits for long-term public safety and long-standing environmental, health, and economic disparities. (TBRPC, Member Govts.)
- Develop plans and strategies to address the overall cost of adaptation and mitigation and incorporate these costs into their budgetary processes. (TBRPC, Member Govts.)
- Local governments with the support of the TBRPC will conduct an analysis to identify the feasibility of new funding mechanisms to implement resiliency projects and programs including but not limited to impact fees, the Increment Financing (IF) and rebates. (TBRPC, Member Govts.)
- The Region will advocate for legislative action that will provide additional funding sources to implement adaptation and mitigation projects at the state and federal level. (TBRPC, Member Govts.)
- with input from local government and other regional stakeholders to ensure consistency among advocacy. (TBRPC, Member Govts.)

**Goal 3**
The Region will be prepared for disasters and recovery because of partnerships with vital community and business organizations.

**Objective 3.1**
The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.

**Action**
- Establish a regionally consistent flood education program with mapping resources for real estate agents. (TBRPC, Partners, Member Govts.)
- Establish a Communication and Engagement Strategy that will publicize events and provide information about potential hazards. (TBRPC, Partners, Member Govts.)
- Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals. (TBRPC, Partners, Member Govts.)
- The Region will support existing community and business groups to implement community-led engagement. (TBRPC, Members, Govts.)
- The Region will collect best practices and identify funding sources for the development of a Resilient Neighborhoods Communication Toolkit. (TBRPC, Partners, Member Govts.)
- The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to implement the best practices in the Resilient Neighborhoods Communication Toolkit. (TBRPC, Partners, Member Govts.)

**Objective 3.2**
The Region will support existing community and business groups to implement community-led engagement.

**Action**
- Diversify and broaden existing inventory of organizations and identify alignment to shared goals for increasing community and business resilience with equity as a priority. (TBRPC, Partners, Member Govts.)
- or compile an inventory if one does not already exist, specification on the types of organizations may be needed here. (TBRPC, Partners, Member Govts.)
- The Region will collect best practices and identify funding sources for the development of a Resilient Neighborhoods Communication Toolkit. (TBRPC, Partners, Member Govts.)
- The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to implement the best practices in the Resilient Neighborhoods Communication Toolkit. (TBRPC, Partners, Member Govts.)

**Add Actions?**

---

Additional Thoughts:

Each action should specify what organization (the Region, the local government, etc.) takes the lead, which organizations are in support of that lead, and what groups are receiving/benefiting from the action.

### Add Objective?

Add action about community engagement/communication. Goal 1 should include organizational capacity building for communication and engagement with communities, nonprofits, etc. in addition to internal capacity. This could also be an Objective 1.2.
### Objectives 1.1

**Objective 1.1:** Define the Region
- **Goal 1:** Local governments will develop their regional strategies to support the implementation of climate adaptation and resiliency activities through an expanded internal capacity and cross-departmental coordination.

**Actions:**
1. Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in the context of disaster preparedness and climate change.
2. Share local governments’ efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination.
3. Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.
4. Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in the context of disaster preparedness and climate change.
5. Identify grant funding opportunities to implement innovative resilience strategies that prioritize equity issues.

**Execute and Implement:**
- **Responsible Agents:**
  - Responsible Agents
  - Process Responsible Agents

**Add Actions?**
- Local governments will require or require new employees to take basic climate change and resiliency education course. (At first all existing must be trained.)
- Libby

**Add Objective?**

### Goal 2

**Objective 2.1:** Develop plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others.

**Actions:**
1. Develop plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others.
2. Establish a regionally consistent flood education program with mapping resources for real estate agents.
3. Provide education and information to the public and business community about potential hazards and property protection measures (i.e., events such as hurricane Expo and general presentation to community group).
4. Annually provide outreach specifically to properties immediately adjacent to the repetitive loss properties as part of the Community Rating System outreach and repetitive property owner outreach programs.

**Execute and Implement:**
- **Responsible Agents:**
  - Responsible Agents
  - Process Responsible Agents

**Add Actions?**

### Goal 3

**Objective 3.1:** Share with property owners in vulnerable communities
- **Goal 3:** The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to implement the best practices in the Resilient Neighborhoods Communication Toolkit.

**Actions:**
1. Research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to implement the best practices in the Resilient Neighborhoods Communication Toolkit.
2. The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to implement the best practices in the Resilient Neighborhoods Communication Toolkit.

**Execute and Implement:**
- **Responsible Agents:**
  - Responsible Agents
  - Process Responsible Agents

**Add Actions?**

**Add Objective?**
## Goal 1

**Objective 1.1**
- YK
- The Region will strengthen local government organizational capacity by implementing best practices.
- The TBRPC will coordinate ongoing presentations to bring in new knowledge for Elected Officials on priority topics.
- Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.

**Action**
- YK
- The Region will strengthen local government organizational capacity by implementing best practices.
- Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.

## Goal 2

**Objective 2.1**
- YK
- The Region will improve public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.

**Action**
- YK
- The Region will improve public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.

## Goal 3

**Objective 3.1**
- YK
- The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.

**Action**
- YK
- The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.

## Goal 4

**Objective 4.1**
- YK
- The Region will enhance multi-agency communication through implementation of effective communication strategies and tools.

**Action**
- YK
- The Region will enhance multi-agency communication through implementation of effective communication strategies and tools.

---

### Instructions

1. Please add the names of the group members to the column below.
2. For the first breakout discussion, please review Goals 1 and 2 and their objectives. In the second breakout, please review Goal 3.
3. In column B indicate if the goal should be kept as is (K) deleted (D) or edited (E).
4. Suggestions for revisions can be added in the line below the corresponding goal or objective.
5. Additional Objectives and Actions can be added at the bottom of each goal section.
6. If time permits please take time to review the actions and suggest revisions as needed.
