### Advancing Mitigation Assessment and Planning for Resiliency Efforts Through Regional Collaboration

**Speaker: Mr. Marshall Flynn, TBRPC GIS/IT Director**

This project will amplify ongoing efforts and applications of the Tampa Bay, East Central, and Northeast Florida Regional Planning Councils (RPC) to expand them across boundaries to provide a cohesive, statewide approach to resilience planning. To date, most efforts have focused on tool and strategy development for coastal areas. The team will collaborate to transfer models and planning efforts to assist inland counties as well. Filling this current void will provide a deeper and broader regional approach to mitigate future flood risks.
